MÉTIS CREDIBLE ASSERTION: CONKLIN

Authorization to the Conklin Resource Development Advisory Committee

I, _____,
am a Métis residing in Conklin. My ancestry can be traced to the first Métis Settlers and Métis community in and around Conklin. Over the years, my family and I have resided in the contemporary community of Conklin.

I am also a registered member in good standing of the Métis Nation of Alberta Association Local Council #193 Conklin ("Conklin Métis Local 193 or CML 193"). I am aware that Conklin Métis Local 193 is a partner in the formation of the Conklin Resource Development Advisory Committee ("CRDAC") to be the one-window interface for engagement and consultation with the contemporary Conklin community on projects that affect the community.

I authorize CRDAC to be my representative organization for the purpose of asserting my Métis rights and for consultation under the Government of Alberta's Métis credible assertion process.
