TELUS
let's make the future friendly™

All Connected for Good.™

Driving meaningful social change is core to our purpose. That's why TELUS is helping to build stronger, healthier communities in Canada, and ensuring that citizens in need don't get left behind with TELUS Connecting for Good programs.

TELUS Internet for Good®

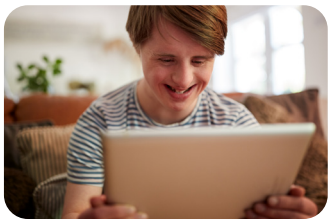
Connectivity has never been more important. This program provides thousands of in-need families, people living with disabilities, youth out of foster care and low-income seniors with access to high-speed internet starting at $10/month. Pricing is valid for two years, or ongoing for low-income seniors. Learn more at telus.com/**InternetForGood**

TELUS Mobility for Good®

A mobile phone is a lifeline for youth leaving foster care and low-income seniors alike, helping them stay connected to important social networks and resources. This program provides eligible youth with a free smartphone and mobility plans starting at $0/month for two years. Additionally, eligible seniors can get access to a discounted phone and low-cost rate plans starting at $25/month. Learn more at telus.com/**MobilityForGood**

TELUS Health for Good™

Every Canadian should have access to healthcare when and where they need it. TELUS Health for Good provides marginalized individuals with improved access to primary and mental health services, and supports low-income older adults to safely age in place with confidence. Learn more at telus.com/**HealthForGood**



TELUS Tech for Good™

Helping to ensure the digital space is inclusive for all Canadians, Tech for Good offers people living with disabilities specialized training and support, including assistive technology in some cases, to empower them to independently use their mobile devices, computer or laptop. Learn more at telus.com/**TechForGood**

Helping Canadians stay safe in our digital world

We recognize that connectivity brings great responsibility and as a leading provider of smartphones and internet services, we're dedicated to ensuring the digital space is a safe space. TELUS Wise, a free digital literacy education program, offers workshops and resources covering topics such as protecting your online security, privacy and reputation, rising above cyberbullying and using technology responsibly.
